

Project Folder Summary for Codex Design Context

This project folder is designed to train Codex on your voice, goals, and workflow for the trading automation system. It includes key documents that reflect your learning journey, ethics, design intent, and long-term mission.

Recommended files for Codex ingestion:

- My_Journey_and_Purpose.pdf
- Project_Overview.pdf
- Trading_Bot_Returns_Report.pdf
- Trading_Bots_Setup.pdf
- Vision_and_Mission.pdf
- Trading History / Data Files
- System Prompt Draft
- Vision Roadmap / Phase Plan

This collection teaches Codex how you think, write, and work — enabling it to design the system and workflow to reflect your style and integrity.

Core Focus:

- Honest automation and community-driven profit.
- Accessibility and transparency in trading education.
- Branding centered around real-world impact, not hype.
